Del's Dance Disc (p)(c) 1997 Delbert von Straßburg

This CD has digital data that you can read with your personal computer. Simply start a web browser and point it to the file called "**index.htm**". It has Del's Dance book and a lot of music in MIDI and PDF formats. We've included everything that is freely distributable within the SCA (all rights reserved). Del's dance book is in Word format in the \DOC directory.

Compiler: Delbert von Straßburg (Del)

Many thanks to all of the people inside and around the SCA who have provided arrangements for this CD. For a complete list see the digital data.

This CD is based upon the 5th edition Rowany Festival, ASXXXI (1997) version of Del's CD. I've added some extra digital data (under the directory \extra) and some extra dance music (tracks 20, 21, 24, 25).

Track 21 is a modified version of Glory of the West (arranged by Lady Phaedria) which works well for the dance John Tallow's Cannon.

Check the read.me file for the latest information.
